Introduction

A woman-owned company, **CCB** has been providing New England with comprehensive, award-winning construction services for over six decades. Successfully serving our customers by exceeding our promise to provide the best construction services possible, has proven to be integral to our growth in the market. Our experienced, creative, and knowledgeable management team understands what is needed to meet the changing environment of today's construction industry. We utilize the best craftspeople available; craftspeople who truly believe safety and quality go hand-in-hand. CCB's expertise and experience encompasses all phases of construction in traditional and specialty markets, making it one of the most diversified and respected construction firms in the Northeast.

Visit www.ccb-inc.com to contact the **CCB Team** and see how we can bring the best value to your next project.
